Introduction to The Knight's Move Round

The quiz where correct answers are just the beginning...

Welcome to The Connection Quiz, and thank you for trying our free version! This sample includes one complete round, giving you a chance to experience how the quiz works and discover what makes it different.

The Knight's Move is a puzzle where your challenge is to find an eight-letter word as quickly as possible. Every letter you need is already on the board, and you know the correct sequence can be traced using the knight's move from chess: two squares in one direction and one square at a right angle (or vice versa).

The first challenge is to identify the correct starting letter. From there, you must follow valid knight's moves to spell the eight-letter word. As an extra twist, you'll also need to work out whether the path runs clockwise or counterclockwise.

But this wouldn't be a Connection Quiz Round without a twist! The challenge is to find 1 overall connection using the answers from 5 knight's move puzzles.

The round structure & scoring

One round consists of five Knight's Move puzzles and one connecting word. We recommend awarding 2 points for each correct eight-letter word and 2 points for the correct connecting word. When playing against the clock in a group, consider a -1 point penalty if an incorrect answer is given too quickly to add an extra element of risk and excitement.

How a Knight's Move puzzle works

1. A diagram with 8 letters is shown

E	P	N
A		L
E	T	H

2. The player needs to find a starting letter...

E	P	N
A		L
E	T	H

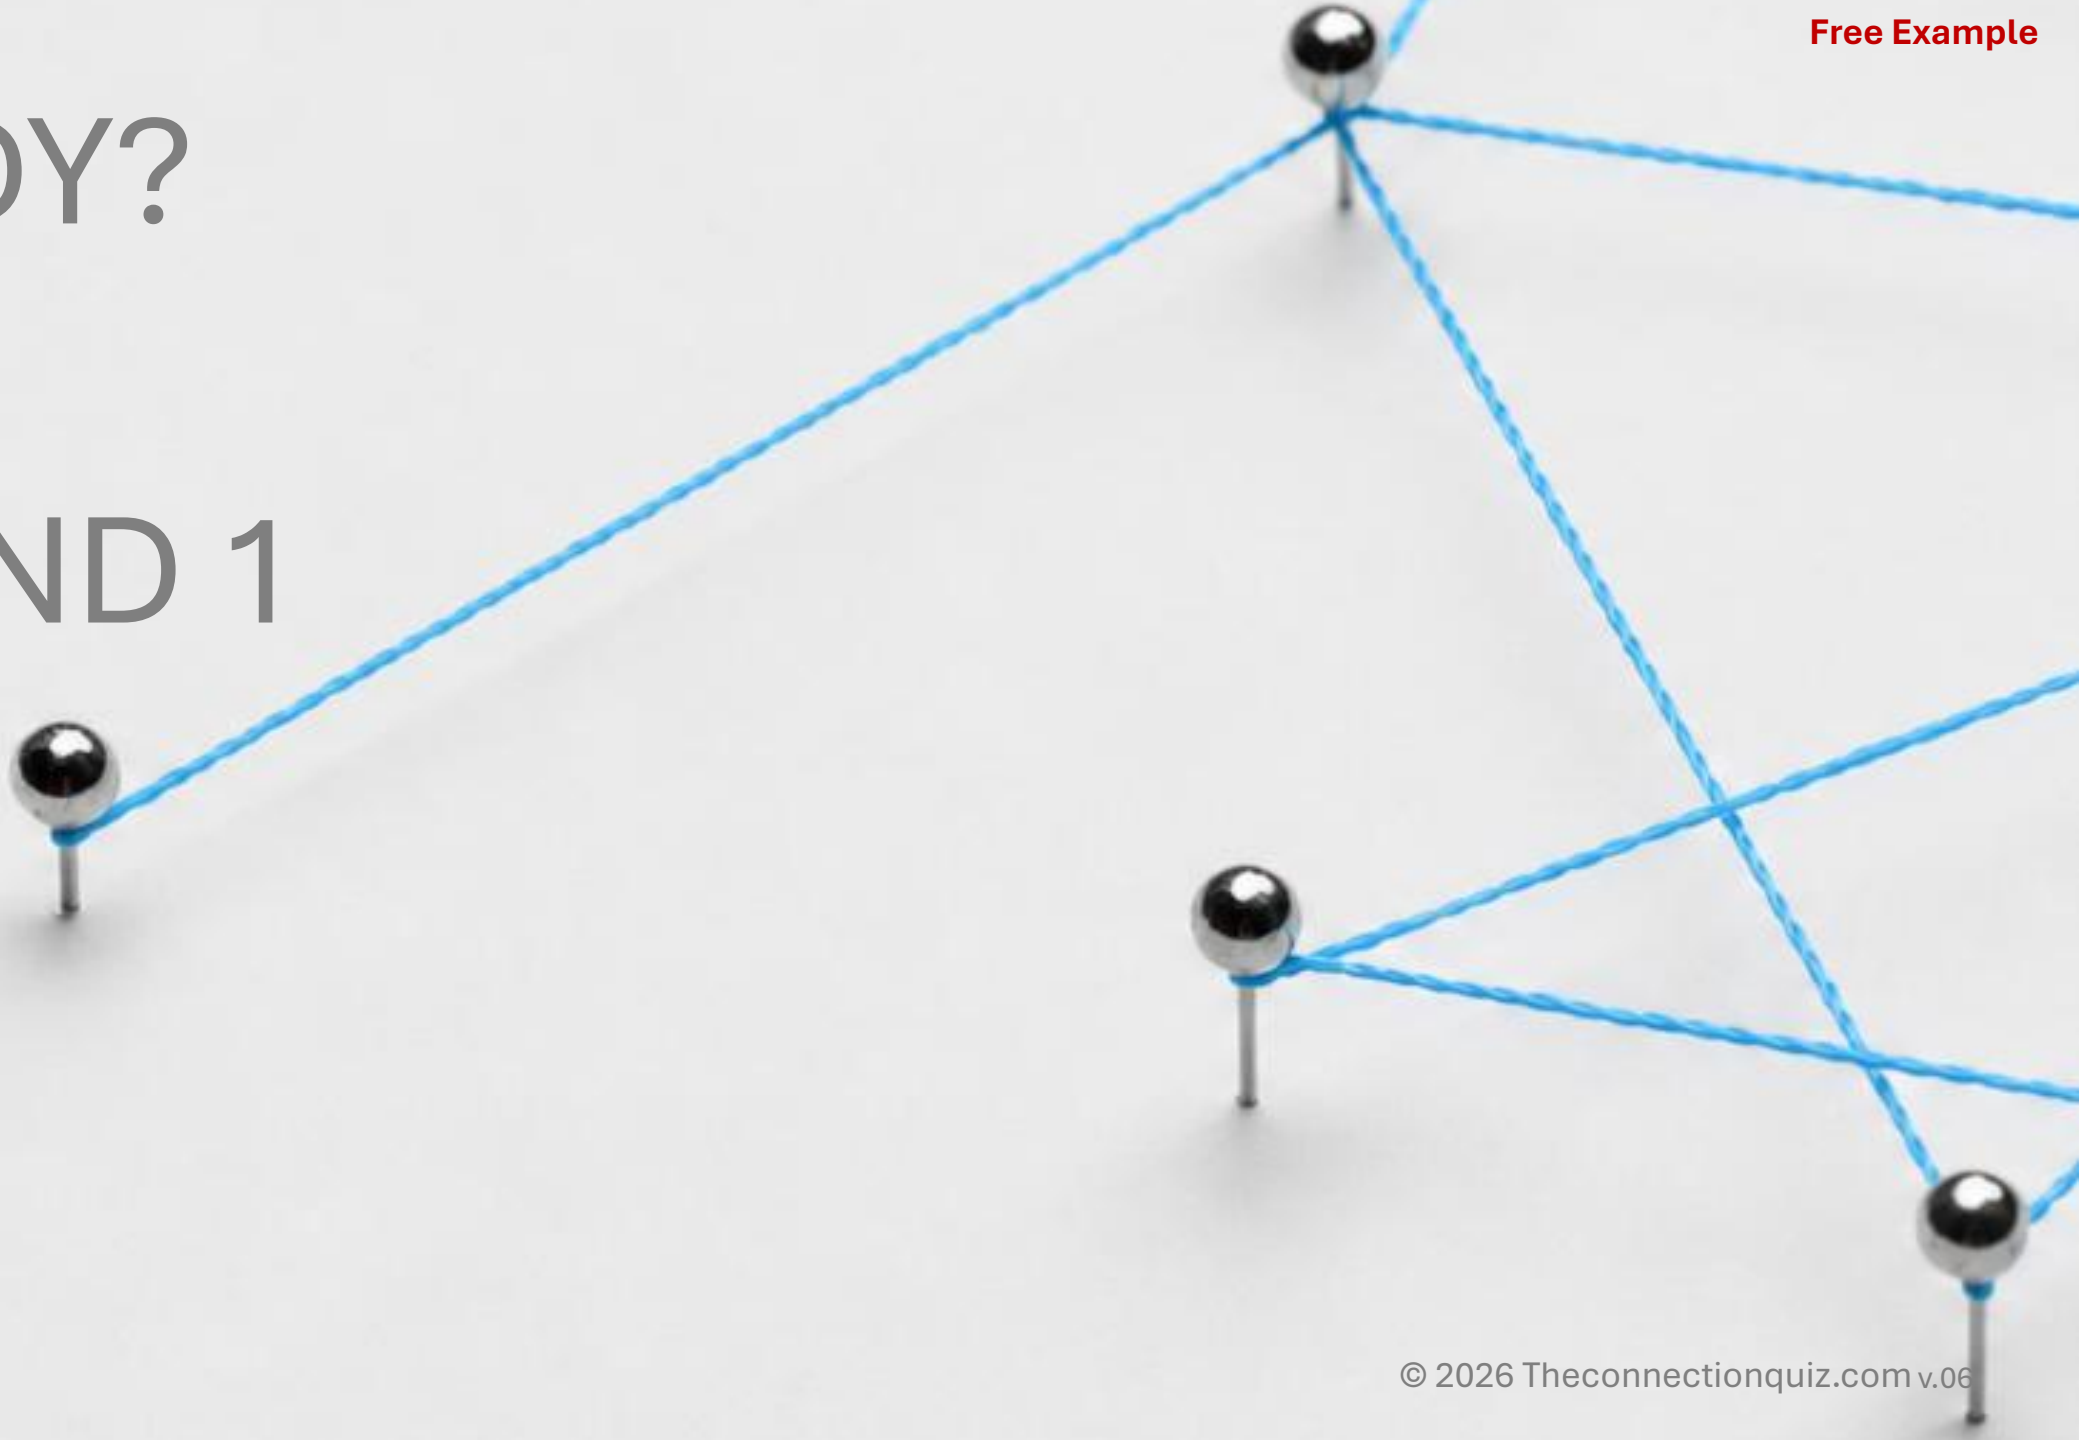

3....and the direction to find the 8 letter word

E	P	N
A	C	L
E	T	H
